Rebecca Hough
Senior Campaign Finance Analyst
Reports Analysis Division
Federal Election Commission

VIA E-Filing

Dear Ms. Hough,

The Committee is in receipt of your request for additional information letter, dated August 31, 2011, regarding the Amended 2010 Year-End Report (YE) and the Amended 2010 Post-General Report (30G).

You request information on the increase in amounts of receipts and disbursements on these two reports from the original filing to the amended filing.

During the preparation of the 30G, the Committee had substantial staff turnover as the campaign ended. As a result, not all receipts and disbursements were recorded on the correct dates. Upon reviewing the records in preparation for the YE report, the Committee discovered errors in its records during the bank reconciliation process and filed the amended report to correct these errors.

Delivery of mail and express delivery packages over the holiday period impacted the date of receipt for some items in the YE report and the amendment reflected correction of those dates to place receipts in the correct reporting period.

I hope this information satisfies your request. Should you need any additional information, please do not hesitate to contact me.

Sincerely,
Chris Marston
Treasurer
